PROFESSIONAL EXPERIENCE:

Oak Park Police Department, Oak Park, Illinois:

- SERGEANT, Investigations Division. Direct supervisor for five detectives and three street crimes tactical officers. Maintains registered sex offender records and, in major crime incidents, responds and relieves the Watch Commander, taking overall control of the scene, processing and investigation of the incident. Monitor continuing case assignments and major incident investigations.
- SERGEANT, Patrol Division. Direct supervisor for four patrol officers and serves as Acting Watch Commander, prepares shift Operational Plans, productivity reports and responds to

major events, taking initial incident command while making appropriate administrative notifications to superior officers. Conducts investigations into officer conduct and recommends discipline or department recognition as appropriate. Selected as original member of "Containment Team" and now serving as Administrative Supervisor of Special Response Team and Training Safety Officer. Also assists in the annual budget preparation.

- DETECTIVE, Investigations Division. As Senior Detective acted as nominal supervisor as needed. Conducted review of reports, assigned critical reports for immediate follow-up investigation and coordinated unit activities with Patrol Watch Commander as needed. Appointed as Rangemaster responsible for inventory and maintenance of all Department-owned weapons, coordination of firearms training, firing range maintenance, ammunition selection, budgeting and purchasing. Was also responsible for two revisions of "Firearms Task Specific Manual" and technology improvements for Investigations Division. Certified armorer for AR-15/M-16 rifles, Sig-Sauer and Glock pistols. Selected by Chief of Police to serve as System Manager for the DBI Live-Scan Fingerprint System including initial system set-up, troubleshooting and eventual transition into Cook County-wide area Live-Scan and digital "mug shot" network.
- EVIDENCE TECHNICIAN, Investigations and Patrol Divisions. Wrote Department General Order 5.18 "Crime Scene Responsibilities." Investigated and photographed serious personal injury traffic accidents, conducted technical follow-up investigations and mathematical traffic crash reconstruction and analysis. Was Department's first Illinois and nationally certified Crash Reconstructionist. Processed crime scenes for physical evidence, photographed, recovered and inventoried evidence for later court presentation. As a detective, was responsible for the coordination of evidence processing services at major incident crime scenes. Prepared yearly budgets and purchased all E.T. Unit supplies.
- POLICE OFFICER, Patrol Division/Investigations Division. Illinois Law Enforcement Training and Standards Board certified instructor for Firearms (Pistol, Shotgun and Rifle), Firearm Training Simulator III (F.A.T.S), Evidence and Crime Scene Processing, Traffic Crash investigation, Computer Assisted Crash Investigation, Crime Scene Drawing and Report Writing. Served for two years on the Illinois Law Enforcement Training and Standards Board (ILETSB) Crash Reconstruction Advisory Committee assisting in reviewing the certification test. Member of Department Instructor Group, serving as Firearms Instructor, In-Service Training Instructor (Report Writing and Live-Scan), State's Attorney's Office Seminar Series (Crime Scene Update) and the Citizen's Police Academy (Traffic and Crime Scenes).
- POLICE OFFICER: Triton College Police Department, River Grove, Illinois. Was primary response unit for police and security services on a community college campus with a student population of over 23,000. Responsible for training, supervision and scheduling of twelve Cadet Dispatchers and Public Safety Officers.
- SECURITY OFFICER: Rush-Presbyterian-St. Luke's Medical Center, Chicago, Illinois. Responsible for providing security and fire protection services for a 5,000 employee teaching Medical Center in an urban environment.
